## Winter warmth to Floroma

*Roodepoort* — AfriSam, a leading national cement company, paid a visit to Floroma Old Age Home on 6 May to hand over blankets.

AfriSam employees brought warmth to over 400 disadvantaged individuals through their blanket drive initiative.

The project is part of the company's ongoing employee involvement programme through which employees are active participants in the quest to give back to the community.

The blanket drive was launched in

light of the upcoming winter season, with the aim of collecting as many blankets as possible for underprivileged communities.

A total of 405 blankets were raised in a month alone. The staff at the AfriSam head office in Constantia Business Park, together with a branch in Edenvale raised over R45 000 for this drive.

At Floroma, one of four recognised underprivileged old age homes in Gauteng, AfriSam donated 70 brand new blankets to benefit the residents.
