At AfriSam we recognise that talented and enthusiastic people are the basis of our ongoing success.

VACANCY
PRODUCT TECHNICAL TEAM LEADER – JUKSKEI PRODUCT TECHNICAL, GAUTENG PROVINCE

APPLICATIONS ACCEPTED UNTIL: 24 JULY 2026

Location:

Reporting to the Regional Product Technical Manager, the incumbent will form part of the Product Technical Team in Gauteng and will be based at Jukskei Quarry.

The successful candidate will be responsible for:

- Contributing to business financial targets by continuously ensuring product and material compliance, optimised CM product performance, efficient cost and margin contribution by sourcing and managing suitable external products.
- Ensuring that the Laboratory operates within ISO aligned standards for both readymix and aggregate testing requirements.
- Attending industry conferences with the intention of gaining knowledge to apply latest trends and technologies towards achieving a competitive advantage for AfriSam.
- Providing timeous and accurate technical support to internal and external customers.
- Identifying and resolving NCRs within the allocated channels for Construction Materials and providing necessary action plans where necessary to ensure best practice and non-recurrence accordingly.
- Achieving a productive, safe and healthy working environment while complying with legal requirements.
- Actively leading and managing people to achieve performance objectives.
- Managing and implementing ad-hoc and routine testing schedules for both readymix and aggregate as well as providing timeous feedback to management.

Qualifications, competencies, knowledge and experience required:

- City and Guilds concrete technology Level 4.
- An engineering or construction related qualification.
- Three years working experience in a construction environment, with exposure to CM applications plus two years in supervising quality control activities in a laboratory environment.
- Valid driver's licence, own reliable vehicle actively driving for at least 5 years is a requirement.
- Methodical and accurate with good attention to detail.
- Ability to function in a high pressure environment with excellent time management capabilities.
- Knowledge of Aggregate and Readymix concrete applications is a requirement.
- Basic research methodology and reporting for quality investigations.
- Good written and verbal communication skills as well as good customer service orientation.
- Advanced level of computer literacy – MS Word, Excel, PowerPoint.

Applicants must inform their immediate Manager of their interest in the vacancy. Please forward your application via e-mail to cm.gpnorthaggregate@za.afrisam.com and use "**Product Technical Team Leader Jukskei**" as reference in your email.

Applicants are advised that AfriSam is a designated employer under the Employment Equity Act and as such has an Employment Equity Plan in place. The Company therefore has the right to fill the vacancy in accordance with its Employment Equity Plan in order to fulfil its transformation objectives by preferring designated employees."

Date issued: 13 July 2026

Closing date: 24 July 2026
